

GENERAL TERMS & CONDITIONS

Effective from 12.10.2023 until Further Notice

CUSTOMER AGREEMENT

This is a legal contract between Infinex Capital Ltd, herein after known as ("Infinex", "us" or "we") its successors and assigns, and the party/parties (the "Customer", "client" or "you") executing this document. This document, together with our Risk Disclosure Statement, Trading Conditions and Charges and Privacy Statement, represents the terms with which Infinex will do business with Customer. This document sets out the respective rights and obligations of both parties in connection with this service and both parties will accept and be bound by these terms on acceptance of the terms contained herein and on completion of the application form by Customer.

Trading in Contracts for differences ("CFDs") and use of the trading platform (which allows high leverage investments in CFD's) carries a high level of risk to your investment and involves the potential for profit as well as the risk of loss of your initial deposit. By investing in CFD's you do not have any rights to underlying instruments. Make sure you fully understand the risks involved and take advice if necessary. CFD trading may not be suitable for every customer. Subject to you fulfilling your obligations under the Client Agreements we may enter into transactions with you in CFDs on single securities, baskets of securities, indices, currencies, cryptocurrencies, commodities, base and precious metals or any other instrument offered on the trading platform. We will enter into all transactions contemplated by the Client Agreements as principal and not as agent for you or any other party. We will treat you as our customer and you agree to enter into the Client Agreements for all transactions as principal and not as agent for any other person.

IMPORTANT NOTICES

OTC trading means that trading does not take place on a regulated exchange. There are no guarantees as to the credit worthiness of the counter party of your CFDs. Also, there may be certain cases in which trading liquidity decreases, causing CFDs in commodities, currencies, metals and indices to cease, thereby preventing the liquidation of an adverse position which may result in a substantial financial loss.

Whilst Infinex is licensed to do so, it does not provide investment advice. The market recommendations, signals, information provided by and/or distributed by Infinex are general in nature and based solely on the judgment of Infinex's personnel or from third party information providers. These market recommendations may or may not be consistent with the market position or intentions of Infinex, its affiliates, and/or employees. The market recommendations and information provided by Infinex are based upon information believed to be reliable, but Infinex cannot and does not guarantee the accuracy or completeness thereof or represent that following such recommendations will eliminate the risk inherent in trading CFDs. Any market recommendations of, or information provided by, Infinex does not constitute an offer to buy or sell, or the solicitation of an offer to buy or sell, any OTC transaction. Customer understands and hereby agrees that Customer is capable of, and solely responsible for, assessing the merits and risks of any trade it may enter into with Infinex.

Customer understands that Infinex does not permit its Customer representatives to either exercise discretion or manage an OTC account. If Customer's account is not being traded with Customer's authorization, Customer must notify Infinex immediately.

Infinex's margin policies and/or the policies of those banks/clearing houses through which trades are executed may require that additional funds be provided to properly margin Customer's account and Customer is obligated to immediately meet such margin requirements. Failure to meet margin calls may result in the liquidation of any open positions with a resultant loss. Infinex reserves the right to refuse to accept any order.

Customer understands that it must carefully review the reports relating to Customer's trading posted online by Infinex. All reports of execution and statements of accounts will be deemed final unless customer objects within two business days of being posted. Objections may be made initially by email or by telephone, but must be confirmed thereafter in writing.

Customer understands that Infinex may establish rules and provisions for client accounts, including but not limited to minimum account size, investment time period, commissions and fees, leverage size per instrument, mark ups, rules relating to stop losses and limits, rules relating to rollovers, rules relating to margin calls, or any other financial arrangement, and that such rules and provisions may be changed by Infinex from time to time.

Customer has read and understands the Customer's obligations and rights under this Customer Agreement and agrees and acknowledges that this Customer Agreement, the Risk Disclosure Statement and the Privacy Statement will comprise the terms of the Customer's relationship with Infinex. The Customer agrees that Customer is fully responsible for making all decisions as to transactions effected for Customer's account. Customer has considered the foregoing factors and in view of Customer's present and anticipated financial resources, Customer is willing and able to assume the substantial financial risks of OTC trading.

IT IS THE CUSTOMER'S RESPONSIBILITY TO FIND OUT ALL NECESSARY INFORMATION ABOUT TRADING IN CFDs AND INFINEX'S TERMS AND CONDITIONS AND MAKE SURE THAT ALL RISKS AND ARRANGEMENTS ARE DISCUSSED AND CLEARLY UNDERSTOOD PRIOR TO ANY TRADING ACTIVITY.

- 8.1. Customer shall provide to and maintain with Infinex margin in such amounts and in such forms as Infinex, in its sole discretion, may require.
- 8.2. Such margin requirements may be greater or less than margins required by those banks or brokers with which trades are executed.
- 8.3. Infinex may change margin requirements at any time.
- 8.4. Customer agrees to deposit by immediate wire transfer, or other payment method acceptable to Infinex, such additional margin when and as required by Infinex and will promptly meet all margin calls in such mode of transmission as Infinex in its sole discretion designates.
- 8.5. Infinex may at any time proceed to liquidate Customer's account and any failure by Infinex to enforce its rights hereunder shall not be deemed a waiver by Infinex to enforce its rights thereafter.

9. BONUSES

- 9.1. Infinex may elect to grant a benefit to Customer by depositing bonus amounts in Customer's trading account, subject to certain terms and conditions as shall be determined by Infinex, at its sole discretion. Such bonus amounts may not be withdrawn by Customer, unless Customer complies with the applicable trading requirements posted on the Website as may be amended from time to time or as communicated to Customer.

- 9.4. Bonus promotions may be restricted in certain jurisdictions.
- 9.5. Infinex reserves the right to cancel or reject bonus promotions at its sole discretion.

10. OPTIONS

- 10.1. Options are contracts that give the buyer the right, but not the obligation, to buy (in the case of a Call Option) or to sell (in the case of a Put Option) a specified CFD at a specified price (the "Strike") at a specified time and date (the "Expiration"), from or to the seller of the option. These are commonly known as European style vanilla options.
- 10.2. The proceeds of the purchase or sale of an Option (the "Cost", or "Premium") will be immediately debited or credited to the cash balance of the account. At Expiration, Options that are in the money will be automatically closed out at intrinsic value, that is, in the case of Call Options, the amount by which the closing price of the specified CFD exceeds the strike price, and in the case of Put Options, the amount by which the Strike exceeds the closing price of the specified CFD. For long Call and short Put positions, the closing price will be the prevailing bid price of the underlying CFD at Expiration; and for short Call and long Put positions, the closing price will be the prevailing ask (offer) price of

the underlying CFD, as determined by Infinex in its sole discretion. Options that are not in the money will expire worthless.

- 10.3. The Customer acknowledges, recognizes and accepts that Infinex quotes variable spreads. The Client is specifically made aware that variable spreads are affected by actual market conditions, which are beyond Infinex's control. Infinex does not guarantee any maximum or minimum quotable spreads. There may be times when Options quotes are not available in some underlying CFDs.
- 10.4. We allow you to perform various transactions, including in respect of options based on various indices that shall be defined by us from time to time (for example, index rates and stock and option rates), and to receive financial information and various other services as we shall determine in our sole discretion. Prior to effecting any transaction, we advise you to read the explanations that may be found on the Website regarding each type of transaction. The rules of trade are set exclusively by Infinex.
- 10.5. We will make available, by posting on <https://tndmarkets.com>, the current price applicable to a share or index, and offer you the opportunity to submit a put or call position in respect of such share. Each position shall be for a specified expiry time. We expect that the current prices will be reasonably related to the actual prices of such shares available in the market. We make no warranty, express or implied, that the quoted prices represent prevailing quoted prices.

16. FEES/CHARGES

- 16.1. Fees arising out of Infinex providing services are outlined in the Admin Fees page presented in the Website.

standard spreads for all instruments are listed on our Website.

- 16.3. Infinex may increase or decrease spreads on any or all instruments, at its sole discretion, at any time without notification due to various mitigating factors – market sentiment, news times or announcements, trading volumes, market volatility and/or additional internal or external factors. - 18.4. Customer agrees that this section represents a reasonable allocation of risk, that this section is an essential element of this Agreement and that in its absence; the economic terms of this Agreement would be substantially different.
- 18.5. This limitation applies whether the alleged liability is based on contract, tort, negligence, strict liability, or any other basis, even if Infinex or any of its subsidiaries, affiliates or agents has been advised of the possibility of such damage.
- 18.6. Neither Infinex nor any of its subsidiaries, affiliates or agents has liability or duty of indemnification related to unusable data, lost or corrupt Customer transactions or data, by whatever means, in whatever form.

Customer acknowledges that the reset process may take time, during which Customer may not be able to use its trading account, and outstanding orders may not be executed.

Customer agrees to indemnify and hold Infinex, its subsidiaries, affiliates, agents, employees, agents, successors and assigns ("Infinex Indemnities") harmless from and against any and all liabilities, losses, damages, costs and expenses, including attorney's fees, incurred by any of Infinex indemnities arising out of Customer's failure to fully and timely perform Customer's obligations herein or under any Third Party License or should any of Customer's representations and warranties fail to be true and correct.
- 20.2. Customer also agrees to pay Infinex Indemnities promptly all damages, costs and expenses, including attorney's fees, incurred in the enforcement of any of the provisions of this Agreement and any other agreements between Infinex and Customer.

21. ABUSIVE TRADING MARKET ABUSE AND MANIPULATION

21.1. PROHIBITION ON ARBITRAGE AND MANIPULATION

- 21.1.1. Infinex does not permit the practice of arbitrage when trading and strictly forbids any form of manipulation of its prices, execution, and platform or making transactions based on errors, omissions or misquotes on the Infinex platform.
- 21.1.2. Price latency, connectivity delays, and price feed errors sometimes create a situation where the prices displayed do not accurately reflect market rates. The concept of arbitrage and "Scalping", or taking advantage of these Internet delays, cannot exist in an OTC market where the client is buying or selling directly from the market maker.
- 21.1.3. Any transactions that rely on price latency or price feed errors may be subject to intervention which includes the right to void any transactions which Infinex has determined to be a result of any of these practices, revocation of profits, widening of spreads, block of trading and any other necessary corrections or adjustments on the account without prior notice.
- 21.1.4. If Infinex suspects or has reason to believe that Customer has abused the terms and conditions by hedging positions internally (using other trading accounts held with Infinex) or externally (using other trading accounts held with other brokers), Infinex reserves the right to cancel any trades or profits associated with Customer's account(s) and also to immediately close the Customer's account(s), all in Infinex's sole discretion.

21.2. Abusive Trading and Market Abuse:

- 21.2.1. Infinex may hedge our liability to you by opening analogous positions with other institutions or in the underlying market. The result of our doing this is that when you trade with us your trades can, through our hedging, exert a distorting influence on the underlying market for that index, in addition to the impact that it may have on our own prices. This creates a possibility of market abuse.
- 21.2.2. Customer represents and warrants, and agrees that each such representation and warranty is deemed repeated each time Customer opens or closes a position that:
 - (a) Customer will not place and has not placed a trade with us relating to a particular index or any other CFD price if to do so would result in Customer, or others with whom Customer is acting in concert together, having an exposure to the price of the underlying financial instrument which can create a situation of market abuse or Abusive Trading. This exposure can be equal to or exceeding the amount of a declarable

interest in the relevant financial instrument. For this purpose, the level of a declarable interest will be the prevailing level at the material time, set by law or by the stock exchange(s) or other exchange upon which the underlying financial instrument is traded; and

- (b) Customer will not place and has not placed a trade with us in connection with: (i) a placing, issue, distribution or other analogous event; (ii) an offer, take over, merger or other analogous event; or (iii) any other corporate finance style activity, in which Customer is involved or otherwise interested; and
- (c) Customer will not place or close a position and Customer will not place an order that contravenes any primary or secondary legislation or other law against insider dealing or market manipulation. Customer agrees that Infinex may proceed on the basis that when Customer opens or closes a position or places an order on a share price, Customer may be treated as dealing in securities within the meaning of the relevant statutes or regulations.

- 21.2.3. In the event that the Customer places or closes any trade or places an order in breach of the representations and warranties given (including in a case of Abusive Trading), or Infinex has reasonable grounds for suspecting that Customer may have done so, Infinex may at its absolute discretion and without being under any obligation to inform Customer of the reason for doing so, close that trade and any other trade or trades that you may have open at the time, if applicable, and also at Infinex's absolute discretion cancel any trades or profits associated with Customer's account(s) and also to immediately close or suspend the Customer's account(s).
- 21.2.4. Customer acknowledges that trade are speculative arrangements and Customer agrees that Customer will not enter into any transactions with us in connection with any corporate finance style activity.
- 21.2.5. Customer acknowledges that it would be improper for Customer to deal in the underlying market if the sole purpose of such a transaction was to impact on our bid or offer prices, and Customer agrees not to conduct any such transactions.

22. EXECUTION OF ORDERS, STOP AND LIMITS

- 22.1. Infinex will use commercially reasonable efforts to complete all orders which it may, in its sole discretion, choose to accept in accordance with the oral or written or computer instructions of Customer.
- 22.2. Infinex reserves the right to refuse to accept any order.
- 22.3. Infinex may, at its sole discretion, allow Customer to specify a closing price for a transaction at the trading platform through a "Close at Loss" and "Close at Profit" order, subject always to the terms of this Agreement and any other terms and conditions Infinex may implement from time to time.
 - 22.3.1. "Close at Loss" means an offer to close a transaction at a price determined in advance by Customer which, in the case of a transaction that is opened by offering to buy a specific number of a certain instrument, is lower than the opening transaction price, and in the case of a transaction that is opened by offering to sell a specific number of a certain

instrument, is higher than the opening transaction price.

- 22.3.2. "Close at Profit" means an offer to close a transaction at a price determined in advance by Customer which, in the case of a transaction that is opened by offering to buy a specific number of a certain instrument, is higher than the opening transaction price, and in the case of a transaction that is opened by offering to sell a specific number of a certain instrument, is lower than the opening transaction price.
- 22.4. Upon Customer's offer and Infinex's acceptance of an order, Customer hereby authorizes Infinex to close the transaction at the Close at Loss price or Close at Profit price, as applicable, and as agreed upon in the order, without further instruction from or notification to Customer.
- 22.5. Infinex may, in its sole discretion, close the transaction when the price quoted by Infinex on the trading platform equals the price accepted by Infinex for such an order.
- 22.6. Customer acknowledges and agrees that Infinex shall not be obligated to close a transaction which does not otherwise comply with any other limitations agreed upon with respect to such transaction.
- 22.7. Customer acknowledges and agrees that due to market volatility and factors beyond Infinex's control, Infinex cannot guarantee that a Close at Loss order will be executed at the level specified in Customer's order. In such an event, Infinex will close the transaction at the next best price.
- 22.8. If, before Customer's "Limit Order" offer to open or close a transaction is accepted by Infinex, Infinex's quote moves to Customer's advantage (for example, if the price goes down as Customer buys or the price goes up as Customer sells) Customer agrees that Infinex will execute the closing transaction at the Customer's specified price and not better. Customer agrees that Infinex can retain such price movement for its own account.
- 22.9. Customer is aware that a part of Infinex's revenues derives from the spreads on each transaction. The spread is the difference between the bid & the ask price of the price quote on a transaction. Therefore, in case the fair market price reduces Infinex's spread in a specific transaction, Infinex may, at its sole discretion, choose not to execute such transaction, in which case Infinex may send Customer an amended quote for his consideration. Infinex may complete a transaction at its sole discretion in case the fair market price does not affect Infinex's spread from the transaction and / or increases it.

23. RISK ACKNOWLEDGMENT

- 23.1. Customer acknowledges that investment in leveraged and non-leveraged transactions are speculative, involves a high degree of risk, and is appropriate only for persons who can assume risk of loss of their entire margin deposit.
- 23.2. Customer understands that because of the low margin normally required in OTC trading, price changes in OTC may result in significant losses.
- 23.3. Customer warrants that Customer is willing and able, financially and otherwise, to assume the risk of OTC trading and in consideration of Infinex's carrying his/her account(s), Customer agrees not to hold Infinex and any of its subsidiaries, affiliates or agents responsible for any losses incurred by Customer.
- 23.4. Customer recognizes that guarantees of profit or freedom from loss are impossible in OTC trading.

- 23.5. Customer acknowledges that Customer has received no such guarantees from Infinex or from any of its representatives or any introducing agent or other entity with whom Customer is conducting his/her Infinex account and has not entered into this agreement in consideration of or in reliance upon any such guarantees or similar representations.
- 23.6. The high degree of leverage that is obtainable in the trading of CFDs transactions can work against you as well as for you. Leverage can lead to large losses as well as gains.
- 23.7. During times of extreme volatility, it can be difficult or impossible to execute orders.

24. MARKET RECOMMENDATIONS AND INFORMATION

- 24.1. Customer acknowledges that:
 - (i) Any market recommendations, signals and information communicated by any method of communication to Customer by Infinex and any of its subsidiaries, affiliates, agents or by any person within Infinex does not constitute an offer to sell or the solicitation of an offer to buy any OTC contract, and that Infinex does not provide investment advice
 - (ii) Such recommendation and information, although generally based upon information obtained from sources believed by Infinex to be reliable, may be based solely on a broker's opinion and that such information may be incomplete and may be unverified, and (iii) Infinex makes no representation, warranty or guarantee as to, and shall not be responsible for, the accuracy or completeness of any information or market recommendation furnished to Customer and shall not be responsible for any loss or damage including without limitation any loss of margin or profits which may arise directly or indirectly from use or reliance on such recommendations or information.
- 24.2. Customer understands that Customer is solely responsible for assessing the merits and risks of any trade it may enter into with Infinex whether as a result of information provided by Infinex or otherwise.
- 24.3. Customer acknowledges that Infinex and/or its officers, directors, affiliates, associates, stockholders or representatives may have a position in or may intend to buy or sell CFDs, which are the subject of market recommendations furnished to Customer, and that the market position of Infinex or any such officer, director, affiliate, associate, stockholder or representative may not be consistent with the recommendations furnished to Customer by Infinex.
- 24.4. Customer acknowledges that Infinex makes no representations concerning the tax implications or treatment of any trading activity.

25. CUSTOMER REPRESENTATIONS AND WARRANTIES

- 25.1. Customer represents and warrants that:
 - (i) if Customer is a natural person, Customer is of sound mind, legal age and legal competence;

- 26.3. Infinex reserves the right to cancel the aforesaid benefit at any time and take any action necessary in Infinex's absolute discretion due to abuse of this benefit.

Such actions may include, without limitation, the designation of the Islamic Account as a regular account and retroactively effecting required adjustments (e.g., setting off amounts from the account equal to amounts paid by Infinex as interest), cancellation of transactions, and adjustment of

- 27.4. The Customer agrees to immediately inform us if the Customer's financial condition changes in such a way to reduce the Customer's net worth, liquid assets and/or risk capital.

28. NO SEPARATE AGREEMENTS

Customer understands that Customer must authorize every transaction prior to its execution unless Customer has delegated discretion to another party by signing Infinex's limited trading authorization or as otherwise agreed in writing with Infinex, and any disputed transactions must be brought to the attention of Infinex's Compliance Officer pursuant to the notice requirements of this Customer Agreement.
